

John L. Hofmann, CPA

PARTNER

GET TO KNOW ME

I am John Hofmann, a Tax Partner for KSDT CPA, one of the fastest growing accounting advisory firms in the US and once again recognized by Forbes list of "America's Most Recommended Tax and Accounting Firms" for 2023.

As a licensed CPA with 35+ years of professional experience, my practice focuses on helping multi-national businesses and high-net worth individuals navigate a complex landscape of cross-border tax laws. I am able to effectively leverage my extensive experience in international taxation, to provide my clients with strategic council on matters involving business expansion, foreign investment, asset structuring and pre-immigration planning.

As a Partner, I am proud to lead a team of top tax professionals. Our strength comes from our relationships with our clients, and providing them with the most current and relevant advice. We stay ahead of industry changes and complex taxation matters so that we can best serve our clients.

Prior to KSDT CPA, I served as president of a successful international tax advisory firm that I founded in 1990. Before this, I was a Senior Manager in the Miami office of Big 4 firm, PwC, where I traveled the world providing tax and IRS compliance consulting services to multinational companies.

Reach out to me to discuss how I may help with your taxation needs.
